

WHAT WE DO

You bring the artwork. We build the product.

Custom apparel and accessory manufacturing: blanks sourced, decorated, quality-checked, and delivered. For brands, artists, and teams who know what they want and need it made right.

SOURCE

Blanks, materials & trims

DECORATE

Print, embroidery & finishing

DELIVER

QC'd, packed & shipped

A detailed, itemized quote with mockups before you commit. A deposit kicks off production, balance is due before we ship. No retainer, no subscription.

Volume pricing

Mockups first

01 · THE WORK

Apparel and accessories, made to spec.

You show up with finished artwork or a tech pack. We source the right blanks for the look and feel you're after, decorate them, and quality-check every piece before it leaves the building.

From a single style to a full collection, screen print to embroidery, we build to your spec, not to a template.

02 · PRICING

Transparent, by the project.

THE QUOTE

A detailed, itemized quote with mockups. Blanks, decoration, and finishing all broken out. You approve before anything is made.

VOLUME

Pricing scales with quantity. The bigger the run, the lower the per-unit, and we'll show you where the breaks land.

TERMS

A deposit kicks off production. The balance is due before we ship. No retainer, no subscription.

03 · CAPABILITIES

Every method, one shop.

Screen printing, embroidery, and specialty techniques like puff, metallic, and tonal. Digital print for short runs and detailed art. Finishing too: custom hang tags, folding, and poly-bagging, so what shows up is **retail-ready**.

04 · WHAT YOU GET

Handled end to end.

IN EVERY PROJECT

- + Blank sourcing & material recommendations
- + Mockups, and physical samples on request
- + Production, decoration & specialty work
- + Quality control on every unit
- + Folding, bagging & retail-ready packing

ALSO AVAILABLE

- › **Design & development:** a concept or sketch instead of finished art? We'll help turn it into a production-ready product.
- › **Warehousing & fulfillment:** store it with us and we'll pick, pack, and ship as orders come in.
- › **Direct-to-customer shipping:** ship straight to your customers under your brand.
- › **Reorders & restocks:** your specs stay on file, so the next run is a quick yes.

05 · FROM QUOTE TO DELIVERY

How a project runs.

01

Submit

Send us your artwork, items, quantities, sizes, and target date.

02

Quote & mockups

You get an itemized quote with mockups to review. Nothing is made until you approve.

03

Source & sample

We source the blanks and, when you want it, produce a physical sample to sign off on.

04

Production

Approved and into production: printed, embroidered, and finished to spec.

05

Quality control

Every unit is checked before it leaves, so misprints and miscounts get caught here, not by your customer.

06

Delivery

Shipped your way: straight to you, direct to your customers, or warehoused for fulfillment.
